A. LAKSHMANASWAMI MUDALIYAR,
Personal Assistant to the Surgeon-General.

Madras, 2nd May 1928.

GOVERNMENT SCHOOL OF COMMERCE, CALICUT.

TERMS—JULY TO DECEMBER AND JANUARY TO APRIL. ADMISSIONS EVERY JULY.

The school re-opens on the 3rd July 1928 after the summer vacation.

Admissions.—Admissions are generally open only to those who have at least been students of the Fifth Form for a full year in a recognized High School. This is generally the minimum general education qualification necessary for admission into the school. A fair knowledge of English, at least such as that ordinarily possessed by a qualified Secondary School-Leaving Certificate holder, is necessary to undergo the course with profit. The higher the general education qualification, the greater, of course, will be the benefit derived from the training given in the school and the capacity to utilize that training to advantage.

School-fees.—Rupees three a subject per term, except Typewriting, payable in three equal instalments in the months of July, August and September, and in January, February and March. The fee for Typewriting is Rs. 9 per term payable similarly. The same rate of fees is charged for both the grades.

Subject and classes.—In the English department instruction is given in the following six subjects, and students are prepared for the Government Technical examinations in the Lower and Higher grades in each :—

(1) Book-keeping.
(2) Theory and Practice of Commerce.
(3) Banking with Economics.
(4) Commercial Geography.
(5) Shorthand (Pitman's system).
(6) Typewriting.

Each of the grades in a subject generally takes a year.

Time-table.—The time-table is so arranged as to enable a beginner to take up almost all the subjects taught in the school in one and the same year. Students of the Typewriting class are divided into batches, each batch getting an hour's practice every school day. This class is held from 7-45 to 10-45 a.m. and from 3-30 to 7-30 p.m.

Almost all the classes are held both in the morning and evening hours to afford convenience specially to students of day schools and employees in offices to join the school.

Vacations.—The Government Technical examinations *in all the subjects* under "Commerce" are held towards the end of April every year, and the school closes immediately thereafter for the Summer vacation and re-opens early in July. The examinations in Shorthand and Typewriting are held in December also. Those that wish to begin the study of commercial subjects will, therefore, ordinarily be admitted in July every year; and such students must join early, *at least before the 10th of the month.*

Beginners will be admitted in *January also* into the Shorthand and Typewriting classes, and they will be prepared for the examinations of the following December, Lower grade. Of course, those that have already had a course of training in the other subjects for a year or so will also be admitted and prepared for the Higher grade or Lower grade examinations of April 1929.

N.B.—*It is specially pointed out that beginners as well as others will get themselves admitted at least before the 15th July 1928, on which date regular classes are expected to begin work.*
